

ADMISSIONS

Monroe University's Admissions staff offers guidance, counseling, and support services to assist students in finding areas of study best suited to their interest, aptitudes, and abilities. The Admissions Office is responsible for providing initial, relevant information about academic opportunities at the college. Interested students can contact the office to receive program information, applications for admission, and to discuss initial academic plans with an Admissions representative. In addition, the office coordinates the review of applications for admission to degree and certificate programs.

Students who are interested in working toward a degree must complete the application process described on the following pages. Visit the Monroe University website here (<https://www.monroecollege.edu/admissions-and-aid/how-apply/>) for additional information.
