

# ACCOUNTING, BBA

The Bachelor of Business Administration in Accounting degree prepares students for further excellence in the accounting discipline. Careers in corporate and public accounting, business, and finance in a wide variety of industries and settings require well-rounded, skilled accountants. Graduates can choose to immediately enter the workforce or continue academically in pursuit of a master's degree and the CPA Exam. The program level objectives for students completing the BBA in Accounting are as follows:

1. Apply accounting concepts to comprehensive accounting and financial problems and scenarios
2. Identify and research a specific academic/career area of accounting to focus their futures
3. Analyze current issues in accounting, evaluate evidence and construct a written report, and deliver an oral presentation detailing the outcomes of the analysis
4. Develop a career plan to secure an appropriate position relevant to their study or be prepared for graduate study
5. Illustrate effective utilization of technology solutions relevant to employers
